Recount Underway in Supervisorial Election

Superior Court Judge George A. Lazar has ordered a recount of ballots in the 2nd Supervisorial District which includes Lemon Grove and Spring Valley.

In the election Henry Boney, an area businessman beat incumbent veteran David W. Bird by 168 votes. Bird asked for the recount.

Judge Lazar ordered the recount Monday after hearing testimony from Charles J. Sexton, registrar of voters, and from Chester Bauder, a private investigator for Bird.

The recount began Wednesday morning at the election center on Kearny Mesa and the chore will be completed in seven working days.

Sixteen manual operators at a cost of $250 a day will be used. If the vote still favors Boney, Bird will pay the tab. Should Bird emerge the victor, the county will pay the bill. Boney, regardless of the outcome, has agreed to pay $125 for operators of eight electronic machines. This will provide a manual count as well as an electronic vote counting machine recount.

Sexton testified at the court hearing that official returns showed Boney got 55,930 votes and Bird got 55,761. He conceded that there could be some error in the Nov. 3 official returns, counted for the first time by the electronic machines.

The Court ordered that the ballots be opened and counted manually, then they are to be fed into the machines. Questionable and disputed ballots will be set aside for the Court to rule on.

Sexton said that there was some difficulty with ballot markers at election time. They tended to break down more rapidly in the hands of the voters than they did in tests. Another difficulty resulted from voters attempting to mark an X on their ballot because of unfamiliarity with the new markers.

Sexton also said that the differences would be differences in judgement and difference in interpretation of election laws.

TRY SOME, WON'T YOU — Camp Fire Girls June Rider and Beverly Schaufler take time out from selling to sample butter toffee peanuts that they are selling for the San Diego County Council of Camp Fire Girls annual peanut sale. The sale begins Jan. 15 and runs through Jan. 31. The girls are the daughters of Mr. and Mrs. Wyman Rider, 7790 Mt. Vernon, Lemon Grove, and Mr. and Mrs. Donald Schaufler, 7960 Palm st. Lemon Grove.

Forty New Subscribers Bring Total to 1,221 In Angels Unaware Drive

The total this week in this newspaper's campaign for more readers is 1,221. During the past week 40 more subscribers were added.

In becoming subscribers to this paper, the new subscribers have aided Angels Unaware, the East County Chapter of the San Diego Association for Retarded Children. The center, at 1288 E. Lexington ave., El Cajon, serves retarded children from this area who are unable to attend regular school.

The funds raised from this subscription campaign will be used for playground equipment for the children.

Families in this area are being called by solicitors to ask for subscriptions and to have part of the subscription proceeds set aside for the Angels Unaware project.

Amounts ranging from 10 cents to $3.50 are turned over to the center for each subscription obtained. A simple renewal through our salespeople provides the smaller amount.

When a first-time subscriber pays for the newspaper for two years through a representative of Angels Unaware, $3.50 is contributed to the center. Amounts in between are given to the center for other circumstances.

Each week this publication prints the names of the families who have agreed to participate.

Face Lifting Needed By Women's Clubhouse

The 43-year-old clubhouse of the Lemon Grove Women's Club needs a face lifting according to local fire officials. The improvements are needed to bring the building up to safe fire standards, the officials said.

Fire Marshal Ray Carmody said the clubhouse at 2810 Main st. need plaster walls that will withstand fire for an hour. The building is of light wooden construction. He said the building also needs other minor improvements.

The Women's Club has been given permission to continue using the building for meetings, card parties and church services, but the fire marshal said he could not give the building a fire clearance needed before the Deputy Sheriff's office will issue a dance license.

This means that until the building is brought up to standards, the dance group meeting at the hall will be prohibited from using the building

Carmody said the fire standards are set by the State Fire Marshal's office and he, as the local officer, must enforce the standards.

Carmody and Fire Engineer John Ott met with the Women's Club last week and told them what changes would have to be made in the building. The women were told that they could conduct their normal meetings in the building for the next 30 to 60 days pending the outcome of talks with a contractor about bringing the building to acceptable standards.

The club women closed discussion on the question by voting to contact a building engineer to find out if the building is structurally safe to make the required changes.

The 40-by-78 foot building has a maximum capacity of 300.

The question of fire safety at the clubhouse dates back to at least 1953. A fire report of that year stated, "This place is a very bad fire hazard from the stand point of construction and age."

Is There An Elderly Tennis Shoe Wearer Missing?

There was a great stir in Los Angeles recently when police found a woman's shoe and purse along the La Brea tar pits.

It was thought that a female had been pushed or had fallen into the black, oozy trap and had perished.

To the everlasting credit of the Los Angeles Police Department, a squad went to work on the case, and within a week they found the woman who had lost her belongings on the banks of the bubbling tar.

It was never explained how the items became left, nor did police reveal how they unravelled the leads by which the woman was located. At the time, we suppose, those details were relatively unimportant. The Big Story was that the woman had been found.

Now, it is possible that the details may be useful in a local incident.

We don't know whether it is a matter for the police or the road department. Both have our permission to work on the case.

The case has to do with a white tennis shoe we found floating in one of the large chuck holes in front of the Lemon Grove Post Office after a rainy spell last week.

If you know of any elderly woman who might have been wearing white tennis shoes, and who is now missing, please report it to the department of your choice.

Some Programs Must Go

There is hardly a soul in the United States who couldn't find something personally appealing in the President's State of the Union message earlier this month.

His vision of a "great society", if it is successfully programmed, may become one of the great hallmarks of American history. If it produces what each person sees in it for himself, it may become one of the most potent blueprints ever developed by a national leader.

Yet, some of the President's high sounding policies seem to be in conflict with what administration leaders are presently espousing.

President Johnson said "we pledged our help (in Viet Nam)...We will not break it. Our own security is tied to the peace of Asia." Yet, several Democratic leaders have said that

Bridger, Buckles To Head Men's Club for 1965

John Bridger was elected president of the Lemon Grove Men's club Friday replacing John Dail, whose term expired with the last meeting. Charles Buckles was elected vice president and program chairman. Ken Rister was re-elected secretary-treasure. The officers will serve for a year.

The three had been picked by a nominating committee and the election was by acclaim.

The program topic was the result of a talk made late last year by Rev. Jordan Detzer, pastor of the Lemon Grove Methodist church. He had reported that juvenile delinquency was a growing problem in the Lemon Grove-Spring Valley areas.

As a result, E. F. (Ted) Kohl, a plainclothes sheriff's deputy provided the program. Kohl is in the criminal division of the sheriff's juvenile department. He is the sole officer administering to approximately 25,000 juveniles in this area. He told the group that 25 per cent of all juvenile crime committed in the unincorporated area of San Diego County occurred in the L.G.-S.V. areas.

Kohl said $41,000 in stolen property had been recovered by juvenile officers last year. He said that 536 juveniles were arrested in 1964 for 716 offenses. In 1962, 395 were arrested for 521 offenses. The area built up rapidly during this period contributing to the problem. Kohl said. "Wherever there is an influx of people there is

GOD'S MINUTE

REV. H. C. BAKKEN

When you read the Bible you will be confronted with God Himself. You become convinced that He is speaking to you. You will see Him in history as He guides the people of Israel or as He deals with individuals or families. You will see Him bringing blessings or punishment. You will see God in the face of Jesus Christ. If you read the Bible with an open mind, you will soon be able to say, "I know that I have met God in the Book."

Free Booklet Tells About Birth Defects

Antiquated taboos that once condemned many American children to lifelong physical or mental disability are beginning to give way to enlightenment, Thomas V. Prendergast, 1965 San Diego County March of Dimes campaign chairman, said today in commenting on a new booklet about birth defects now available through the San Diego County March of Dimes, which has its fund-raising drive this month.

"For too long, we've avoided the 'delicate' subject of birth defects," Prendergast said. "Because we haven't faced facts about children who are born less than perfect, thousands who might be helped by modern medicine are deprived of their right to normal, useful lives. Often parents fail to seek the help that is available because they simply don't know it exists."

The DIMMER VIEW

U. S. should never have been in Viet Nam and that we should withdraw our forces from that part of the world. Senate Majority Leader Mike Mansfield (D.-Mont.) is among the disenchanted ones. The President said that he will "seek full employment opportunity for every American...but...fear of recession can contribute to the fact of a recession." Then he hobbles the dwindling number of small businesses (where much of the employment outside of government is to be found) with potentially higher payroll taxes. He should realize that higher taxes must be borne by the employer. Take home pay reductions are not desired or proposed by government.

He extended the olive branch to big business by proposing reduced excise taxes along the pathway to a balanced budget and a balanced economy." Yet the probe into steel prices which he ordered was being conducted simultaneously.

We have reason to respect Mr. Johnson's sincerity in wanting to provide the things that are best for Americans. Dan Rather, the noted national CBS commentator, recently met with a group of members of the nation's journalistic society, Sigma Delta Chi. He said that most of the nation's teevee reporters are convinced that the President sees himself as possessing the qualities that can solve world problems. He sees himself as an Andrew Jackson-Franklin Roosevelt, he said.

Be that good or bad, this entire nation needs strong, courageous leadership. If Mr. Johnson's program does what he suggests that they will do, the whole world will benefit. Because there is some discrepancy between his words and his actions, some programs will never be functional. We wish him the wisdom to choose wisely.

Citizen Group To Screen School Board Trustees

The Citizens for Responsible School Trustees, a recently organized group in the La Mesa-Spring Valley School District, have appointed three of its members to act as a citizen's selection committee.

The three have been appointed to screen and select candidates in the April 20 (1965) school board trustees election in the district. Albert Peters, a former board member (for 13 years) of the LM-SV School District, will represent the southern area of the district and will act as one co-chairman; Mrs. Jean Birch of La Mesa will represent the central section of the district and act as a co-chairman and John Teague, chairman of the committee, will represent the northern section of the district. John Curtin, president, will serve as ex-officio member of the selection committee.

CRST will name one member from each of the six area precincts to also serve on the committee. Invitations are to be sent from the three co-chairmen to civic, professional and service organizations and churches, to encourage these groups to send a representative of their own to serve on the selection committee.

The selection committee will screen and select three candidates from the candidates who file for the election, and present these three to the general membership of CRST for ratification and support.

an increase in crime," he added.

Parental apathy, easy auto availability, and alcoholic beverage sales to juveniles all contribute to juvenile crime problems, Kohl said. "We need stronger laws and we need more officers to enforce them," he added.

He called for groups, such as the Men's club, to act when lawmakers propose weak juvenile laws and when courts are weak in administering the law.

The club heard a proposal to form a juvenile committee and appointed Dr. Frank Gigliotti to report on it and make recommendations at the next meeting.

The club meets every Friday at Michael's for a no-host luncheon. All males of the community are invited to attend.

Lemon Grove Firm Expands By Adding Seventh Store

Expansion of a Lemon Grove business firm and the realization of a dream, was announced this week by Linda's dress shop group with headquarters at 7931 Broadway.

The realization of the dream came true when Norma Leonard, co-owner, with Barbara Prouty, purchased two stores in Ocean Beach to bring the chain's total to seven. The seventh store was the 27-year-old Veda Moss shop. Mrs. Leonard is a protege of the operators of Veda Moss with whom she started in the business 17 years ago.

She said that from the very first she dreamed of someday being owner of the firm.

Other stores are located in Chula Vista, La Mesa, Escondido, Pacific Beach, and a second store in Ocean Beach.

The chain's name Linda's, is for Mrs. Leonard's 11 year old daughter.

Pat Mitchell, who has been with Linda's for seven years, is manager of five Linda's shops.

The chain sells popular priced ladies wear.

LETTERS TO THE EDITOR

Greetings to Max Goodwin and all our friends in Lemon Grove and Spring Valley from all of us in the Mediterranean:

First of all we would like to say thanks to the parents, teachers, administrators and employers who made it possible for us to make such a grand voyage. Our main problem is that we have so much to do and so little time, so we hope you will forgive us for writing you all in one letter.

After leaving home we had a delightful orientation at Ted Hilton's Resort in Moodus, Connecticut, after a few days in New York City and a visit of the World's Fair. No use to describe New York — it's exciting but much too big, and we like Lemon Grove better. But at Moodus, that was different. There were about 300 of us (faculty and students) and in the days we had together at Moodus, we learned the art of becoming one big family.

In spite of our enjoyable experiences and our new friends, we were eager to be on our way in search of new adventures, and on Oct. 9th just before noon, we moved into our new home, the University of the Seven Seas which was to be our "Home Away From Home" for the next 3½ months.

It seemed days before we saw any sight of land an then, on Oct. 25th we sighted the beautiful Azores — beautiful generally because was had seen so much water and we half hoped that something would happen so that we could put our feet on land for a few hours. But we passed them by and it was three more days before we sighted land again. The trip across the Atlantic had been comparatively smooth but never-the-less sometimes we had a battle against the monster, seasickness, which was always lurking just around the corner. In spite of inconveniences and not having all the comforts of home, we all thoroughly enjoyed every minute of the voyage. but before daybreak on Oct. 29th when the report sounded that land was in sight, we jumped into our clothes and hurried up to the top deck to see the most beautiful sight we had seen for many a day — the lights along the shore of beautiful Portugal.

Even more impressive were the monuments along the entrance of the mouth of the Tagus River, which is the harbor of Lisboa (Portugese for Lisbon). It seemed we sailed a long time up the Tagus River to the pier where we berthed, so we had time to absorb some of the beauty as we progressed.

Tieing up at the pier was exciting — we could hardly take time to eat breakfast and get into our travel clothes for our first University Field Trip — to the University of Lisboa. The faculty and students treated us royally, and entertained us on several occassions.

Our trip to Fatima, Batalha and Nazare, a quaint little fishing village on the coast will never be forgotten. We attended a special Mass at the Shrine of the Apparition at Fatima and visited the tomb of two of the Three Little Shepherds, to whom the vision of the Blessed Virgin appeared in 1917. At Nazare we saw the fishwives in their colorful petticoats and fishing boats literally filled the small harbor. On the beach hundreds of fishermen and their families were busily engaged in sorting their catch and in preparing their fishing gear for the next trip.

The view of Lisboa and the countryside at night from the top of the Hilton was even more breathtaking than San Diego from the top of the El Cortez, or perhaps it was only the strangeness which made it seem so.

But all good things must come to an end, and Oct. 30th came all too soon and amidst fond farewells from our friends in Portugal, we weighed anchor at 2200 and departed for Barcelona, via the Straits of Gibraltar.

On the morning of Nov. 2nd, we arrived in Barcelona. The first sight that greeted us was the U. S. Navy's Sixth Fleet anchored in the Harbor and the Aircraft Carriers just outside. And it was a greater sight to see the uniformed men of our own American Navy shopping and sight-seeing on the streets.

On Nov. 4th at 700 we departed for our voyage to Naples, and passed between Corsica and Sardinia which appeared to be very barren and desolate. We shall never forget Naples. We certainly have mixed emotions about this place. The country is a mass of historical information in itself and everywhere we went we tried to absorb the mountains of history which were crowded into the short time we were there. The visit through the ruins at Herculaneum and the guided tour through the Cameo factories were very enlightening. Even though we had been told sometime in our lifetime that Cameos are chiseled out of shells by hand it was hard to conceive until we actually watched them being made. We made a full-day tour on Nov. 7th, of Pompeii, Amalfi, and Sorrento, starting at 8:30 a.m. from the dock at Naples. This trip skirts Volcanic Vesuvius enroute to the excavations at Pompeii. We drove through orange and olive groves to Amalfi, where we had luncheon many, many feet above the coast line of the beautiful Mediterranean. We drove for miles and miles over winding, treacherous roads, through quaint fishing villages and past homes built in the rock on the sides of the cliffs. We could see the Island of Capri from almost every turn in the road and passed within a stone's throw of the resort where Jacquline Kennedy spent her vacation.

On Nov. 8th and 9th we took an overnight tour to Rome and Vatican City. We visited the ruins of the Coliseum, Roman Forum, and many, many temples and monasteries. Sightseeing included the Circus Maximus, Capitoline Hill, the Pantheon and St. Peter's Basilica. Sunday morning we devoted to Vatican City and Mass in the magnificent Chapel, with the Pope officiating. He is a very fine, soft-spoken, gentle person and there is no wonder that the people love him and have chosen him to be their leader.

So we must say farewell to you, until another day.

We are all healthy, hearty and most of all happy and grateful to be a part of the University of the Seven Seas. We can only wish for all of you the great fortune of someday being a part of this venture too.

May you all have an enjoyabe New Year.

From all of us to all of you,

Much love,

Monte Bagley Graduate From Air Force Course

WICHITA FALLS, Tex. — Airman Second Class Monte C. Bagley, son of Mr. and Mrs. Carl E. Bagley of 9202 Lamar st., Spring Valley, has graduated from the technical training course for U. S. Air Force missile facilities specialists at Sheppard AFB, Tex.

Bagley, who learned to repair support equipment for the Titan missile, is being assigned to a Strategic Air Command (SAC) unit at Vandenberg AFB, Calif. His unit supports the SAC mission of keeping the nation's intercontinental missiles and jet bombers on constant alert.

Dear Editor:

I attended the La Mesa Spring Valley School Board meeting this week. It was the first time I had done so, but I had heard of the harrassment of the board and wanted to see and hear for myself. Apparently the overflow crowd dampened the ardor of this group, and it was not until late in the meeting that we were given a sample of what has been going on. At that time, due to the lateness of the hour, many had left. A former member of the board said that he had never known of a board to attack the superintendent and his staff as the board had done that night. We who had been there all night could not recall any such thing, but it soon became apparent that what he referred to was that the board had ordered the superintendent to submit the warrants and purchases to them a week before the meeting. He told us that when he was on the Board he came in 15 minutes early and went over these items. Now, either he has a superior brain or a rubber stamp for how could one digest the pages and pages of items in fifteen minutes? And what about the other members? Did they too come in early or did they rely on this one person's judgement?

The present board is to be congratulated on their Watchdog tactics in trying to prevent taxpayer's money from being squandered. I can hardly believe that the office of the superintendent is concerned because the board wants to have time to study the expenditures.

I urge all taxpayers interested in good government to attend these board meetings to give support to these dedicated board members who are finding nothing but road blocks in their efforts to do the right thing by all.

Half-Day Schedule To Be Followed At Mount Miguel During Finals

Due to a new district policy, students of Mount Miguel High School will be spending only a half-day at school during semester examinations.

Where previously the two-hour tests were administered over three full days, the same finals will now be given over three half-days. The time difference accounts for the elimination of some two hours of study or free time previously spent between finals at school over the three-day testing period.

The bill for the new plan was presented by the Mount Miguel faculty to the faculty Senate and was approved by both the Senate and the School Board. The bill makes use of the half-day schedule on a voluntary basis for the schools of the Grossmont District.

M. C. Grant, principal of Mount Miguel, said, "We feel that under this plan the students will have more opportunity to do quiet study for the exams, and teachers will be more able to correct these exams and return them sooner to the students." He continued, "This new schedule will eliminate the rather frustrating experience of holding large numbers of students in crowded study halls between the morning and afternoon sessions. The new plan will enable students to leave school at 12:30 after the second exam session has been completed."

The finals will be held Tuesday, Feb. 2, through Thursday, Feb. 4.

Camping Is Topic At January Meeting Of Mt. Vernon PTA

"Camping for the sixth graders" will be the topic of the Mt. Vernon PTA January meeting. Ed Pumala, director of the city and county camp commission, will be the speaker.

The meeting will be Thursday, Jan. 14, at 7:30 p.m. in the school auditorium.

The fourth grade room mothers will be hostesses for the evening.

Public Meeting Set To Discuss Program For Gifted Children

The Gifted Child Program of the La Mesa-Spring Valley School District will be reviewed at a special meeting called by the Board of Education for the public on Monday, Jan. 18, 7:30 p.m., at the La Mesa Elementary School auditorium, according to Glenn E. Murdock, district superintendent.

Murdock said the program was prepared at the request of the Board of Education. He said board members urge citizens to attend the special presentation.

Agenda for the program, according to Dr. David D. Pascoe, assistant superintendent - instruction, includes an overview of the work with gifted children in the nation's public schools, a description of the history, financing and operation of the district's program, and a question and answer period conducted by a panel of teachers and administrators.

300 Turn Out For Meeting Of LM-SV School Trustees

Approximately 300 persons turned out for a meeting of the La Mesa-Spring Valley School District board of trustees meeting Monday night at Kempton Street Elementary School. In discussing new schools, opinions were divided on air conditioning, but the majority was opposed to carpeting.

One person, Emil Caldwell of 733 Harness st., a long-time Valleyite, said he could see no use in spending taxpayers money in air conditioning, rugs and auditoriums.

In further discussion of the proposed La Presa Elementary School, Rev. Lewis Ginn, a board member, said he voted against the preliminary plan because he wanted to find out how the people felt.

Mrs. Anna Dewey, board president, said she felt the price quoted for the new school was far too high; $665,000 to $840,000. She said she felt that $500,000 should be the highest figure.

Jim Foley of 9453 Mesa Vista said he wondered why it is necessary to hire a new architect every time "we build a new school? "He said that in the East they have been successful using the same plan several times.

Dr. Cyril Padfield, long-time board member, said a state law requires that an architect be hired for each new school. He said that the same set of plans cannot be used for each school, because ground conditions vary and there are different levels.

College Students Aided By Local Contributions

Community organizations in San Diego County and the Grossmont Junior College District have contributed more than $1,600 the past year for deserving students at Grossmont College.

Dean of Student Affairs John Burdick, chairman of the college scholarship committee said organizations typical of those offering financial aid have been: Daughters of the American Revolution; American Business Women's Club; Edgemoore Geriatric Hospital Auxiliary; Lemon Grove Soroptimist Club; Lemon Grove Rotary Club; and La Mesa post of the American Legion Auxiliary.

Awards are based on scholarship, citizenship, and financial need. In the three years Grossmont students have been awarded scholarships, all recipients have completed studies at the junior college and successfully transferred to four year institutions.

Homes Sought For Students From Abroad

Mt. Miguel and Monte Vista High School need foster homes for their foreign exchange students next fall.

These are the most important qualifications for an AFS family:

A heart — large enough to share a portion with another child from another land for a year — and probably forever.

A mind — open to the different life and culture the student will bring with him, open to accepting him for his differences and not for his similarities.

A share of laughter and gaiety to shrink the problems which may come up and to strengthen the bonds of communication.

Although the final choice of the host family is made in New York, the local American Field Service chapter is responsible for finding and interviewing prospective families and for submitting suitable applications to New York for approval. For additional information contact Mt. Miguel High School, the Cosby family 469-1234, the Wolfarth family 469-2259 of Monte Vista High School, the Pogue family at 466-5595.

Those interested in learning more about the American Field Service program are invited to a meeting of the Monte Vista Chapter on Wednesday evening, Jan. 20, at 7:30 p.m. The meeting will be held in the Home Economics Room at Monte Vista High School.

Those families interested in providing a foster home for a student from abroad are urged especially to attend. American Field Service students and families who have served as foster parents will be on hand to talk with prospective foster parents and answer any questions they may have.

Talent Show Set By Avondale PTA

A talent show will be presented at 7:30 p.m. on Tuesday, Jan. 19, by the Avondale PTA. The show will be in the cafetorium of the school.

The theme of the show is "Watching the Herds at Play." Mrs. Angelo Scimone will be mistress of ceremony.

Old School Equipment To Be Displayed At Foothills Secondary Council Meeting

Foothills Secondary Council, CCPT, will have a brief business session during which a nominating committee will be elected to propose a slate of officers for the coming year on Jan. 20 at 10 a.m. in the Girls Cottage in La Mesa.

At 11:30 luncheon will be served hostessed by Mrs. Leon Raucher. Past presidents of the council will be introduced by Mrs. George Birch, Founders Day chairman. Mrs. Birch will have on display early American classroom equipment and, in contrast, some equipment from todays schools, and provide information concerning the beginnings of the Parent Teacher Association. An Honorary Life Membership will be presented by Mrs. Donald Browne, chairman.

Mrs. Donald Beebe, council president, stated the group is sponsoring an eight-week series of group discussions by parents beginning Jan. 26 at 7:30 p.m. in room 62 at Grossmont High School. Leading the discussions will be John E. Barnwell, family counselor for nine years with the San Diego Family Service Association. The public is invited to attend the informal series and participate in the discussions during the classes. Reservations will be limited and the fee is nominal to permit everyone to participate who wishes.

Ray Roach Wins Slot Car Race

Ray Roach again proved himself a master at the controls of the tiny slot cars as he took the most points Monday evening at the Broadway Hobbie's weekly races.

The fifty-two entries were divided into stock, modified stock, unlimited, 1/24 fendered competition and 1/24 unfendered competition. The 1/24 stock race was won by Hamilton's BRM after leading the eight entries all 40 laps.

Modified stock saw three BRM's take the winning points with Roach's BRM outdriving all seven entries to capture another first.

Howard Freeman's Lotus won it's first race of the season in the 1/24 unfendered competition main event.

The first model car races in the Junior Division, boys under 16, were held Saturday. Cars were entered in the 1/32 stock classification, the 1/24 stock, and competition fendered and unfendered.

Don Carlson's careful driving of his Corvett put him in first place in the 1/32 classification.

Kenny Martin's Ferrari lead the 1/24 Stock class from the starting gun to the checkered flag giving him a first.

The competition fendered and unfendered were run as one class due to the few entries. Allen Hansen's Jaguar pulled to the front and by careful driving won first place.

Exchange Student To Speak For PTA At Golden Ave.

The Golden Avenue Elementary School PTA will meet at 7:30 p.m. Thursday, Jan. 14, at the school cafetorium.

The speaker will be Miss Suely Serpa, a foreign exchange student from Brazil, who is living with the Wiley Cornelius family of Lemon Grove. Miss Serpa will tell of interesting customs and facts about Brazil.

Mrs. Gordon Fairman, music chairman, has prepared an addition to the program presenting Miss Tempe Dell Cornelius who will sing the inspirational opening. Students of the school will perform dances of different countries.

The colors will be presented by Mrs. Berneice Young's Girl Scout Troop 117.

Refreshments will be served by Mrs. Bernice Younk's Girl and Mr. Osteramoudt's classes.

SEEKS REELECTION — Bob Rundell, incumbent candidate for a seat on the Helix Irrigation District board of directors, is seeking his fourth term of office. Also seeking office are Al O'Brien and Virgil Steffen, both insurancemen.

Rundell cites that the board has reduced the tax rate from $2 to .46 for each $100 assessed valuation since he took office in 1953.

The board on which he served has also completed the Chet Harritt Dam; Lake Jenning for recreation and fishing; added transmission lines to assure an abundance of water, and is completing the Levy Filtration plant.

As an independent businessman, Rundell has operated an insurance and real estate business in La Mesa for more than 25 years. He has served as vice-president of the County Water Agencies Assn.; a member of the Southland Water Committee, the Feather River Project Assn., and the National Reclamation Assn. He has also served as vice president of the H.I.D. board and has been active in local civic and church affairs. He lives at 8533 Gateside rd., La Mesa.

Girl Scout Chatter by Mary D. Giacinto

Wima Costello, leader of troop 1153, is frankly proud of the ability and conduct of her troop. Her seventh grade cadets and Mrs. Ledsema's troop 235 held their camp-out jointly at Girl Scout Headquarters cabin in Balboa Park last week end. Troop 235 is made up of 5th and sixth graders. There were about 40 girls, and the wonderful part about it is they all got along so very well. So well that they were truly a credit to their leaders.

First day at camp all the girls, moms and leaders walked to the zoo. The girls packed the lunches and saw to their own needs. They enjoyed the seal show, the entertaining bears, and the beautiful birds fluffing their feathers.

The leaders feel each girl deserves a conduct medal. Because the girls were unselfish and pleasant they made it possible for everyone to have a most enjoyable outing.

You make it possible for the girls to have these girl-scout facilities. You are the benefactor — every time you purchase a box of the delicious girl scout cookies. In February the girls will again knock. Buy an extra box this year, and know you are helping a good cause.

Kenneth Lindeneau Becomes Eagle Scout

Kenneth Lindeneau, son of Mr. and Mrs. Glen Lindeneau of Koonce dr., Spring Valley, was made an Eagle Scout of Troop 47 in special ceremonies Jan. 8. Making the presentation was Ray Traber, Grossmont District Eagle Board of Review chairman. Mark Gottwig, Scoutmaster of Troop 47, pinned the badge on Kenneth and gave a survey of Kenneth's history. Kenneth Lindeneau began his Scouting six years ago as a Cub Scout in Pack 47.

Robert Huff, committee chairman, and his son Robert, conducted a ceremony on the question, "What is an Eagle Scout?"

Scoutmaster Gottwig made presentation of the second class rank to Robert "Chip" Klaiber. Chip was ill at the last court of honor and therefore was unable to receive his award at that time.

The following boys received attendance or year pins:

Ken Lindeneau, 3 year attendance and 3 year pin;

Joe Sapienza, 3 year pin;

Pat Foley, 3 year attendance and 3 year pin;

Ken Hastings, 2 year attendance and 2 year pin;

Tom Keyes, 1 year attendance and 1 year pin;

Robert Huff, 1 year attendance and 1 year pin;

Bill Van Valkenburg, 1 year attendance and 1 year pin.

Ben Small Jr., neighborhood commissioner, presented the 19th year charter to Rolan Taylor, institutional representative. Taylor has been working with Troop 47 in various capacities since 1946.

Mrs. R. C. Hastings, president of "47 Mothers," presented a check for $50 to the troop for the fund, for equipment and outings.

Tim Gross and Ken Hastings presented and retired the colors for the meeting.
